

Mono® Service

Maintenance of your equipment is vital to ensure your process equipment runs smoothly and reliably. Effective and regular maintenance leads to improved performance, prolongs the life of your equipment and reduces operational costs and process downtime.

In partnership with **Ceetak Engineering Ltd**, a specialist in total pump management, Mono can offer you a complete service solution for all UK customers:

- Complete overhaul and repair
- Site maintenance and shutdown
- Planned maintenance contracts for single or multi-site installations
- Laser alignment
- Condition monitoring
- Fault diagnostics
- Asset management
- Commissioning engineers
- Experience of all types of pump technology and associated equipment

Nationwide Coverage

A dedicated service is provided throughout the UK via a network of Regional Workshops, strategically located and fully equipped to offer fast and effective support.

Technical Expertise

Our fully trained engineers have considerable experience in servicing a wide range of rotating equipment within a variety of industrial sectors.

Service When You Need it Most

For emergency breakdowns, ring the **Service Hotline Number 07659 161861**. We can be contacted 24 hours a day, throughout the year and your message will be directly transferred to a duty engineer, who will respond immediately, any time, day or night.

**For further information or to discuss your service requirements, please contact Mono:
Tel: 0161 214 2390 or E-mail: customerservices@mono-pumps.com**
